and Ministry of Education and Science of Ukraine

ON TRAINING SPECIALISTS IN THERMOELECTRICITY

XVII International Forum on thermoelectricity

May 15th - 18th, 2017
Belfast, the United Kingdom of Great Britain
and Northern Ireland

Dr. Valentyn Lysko

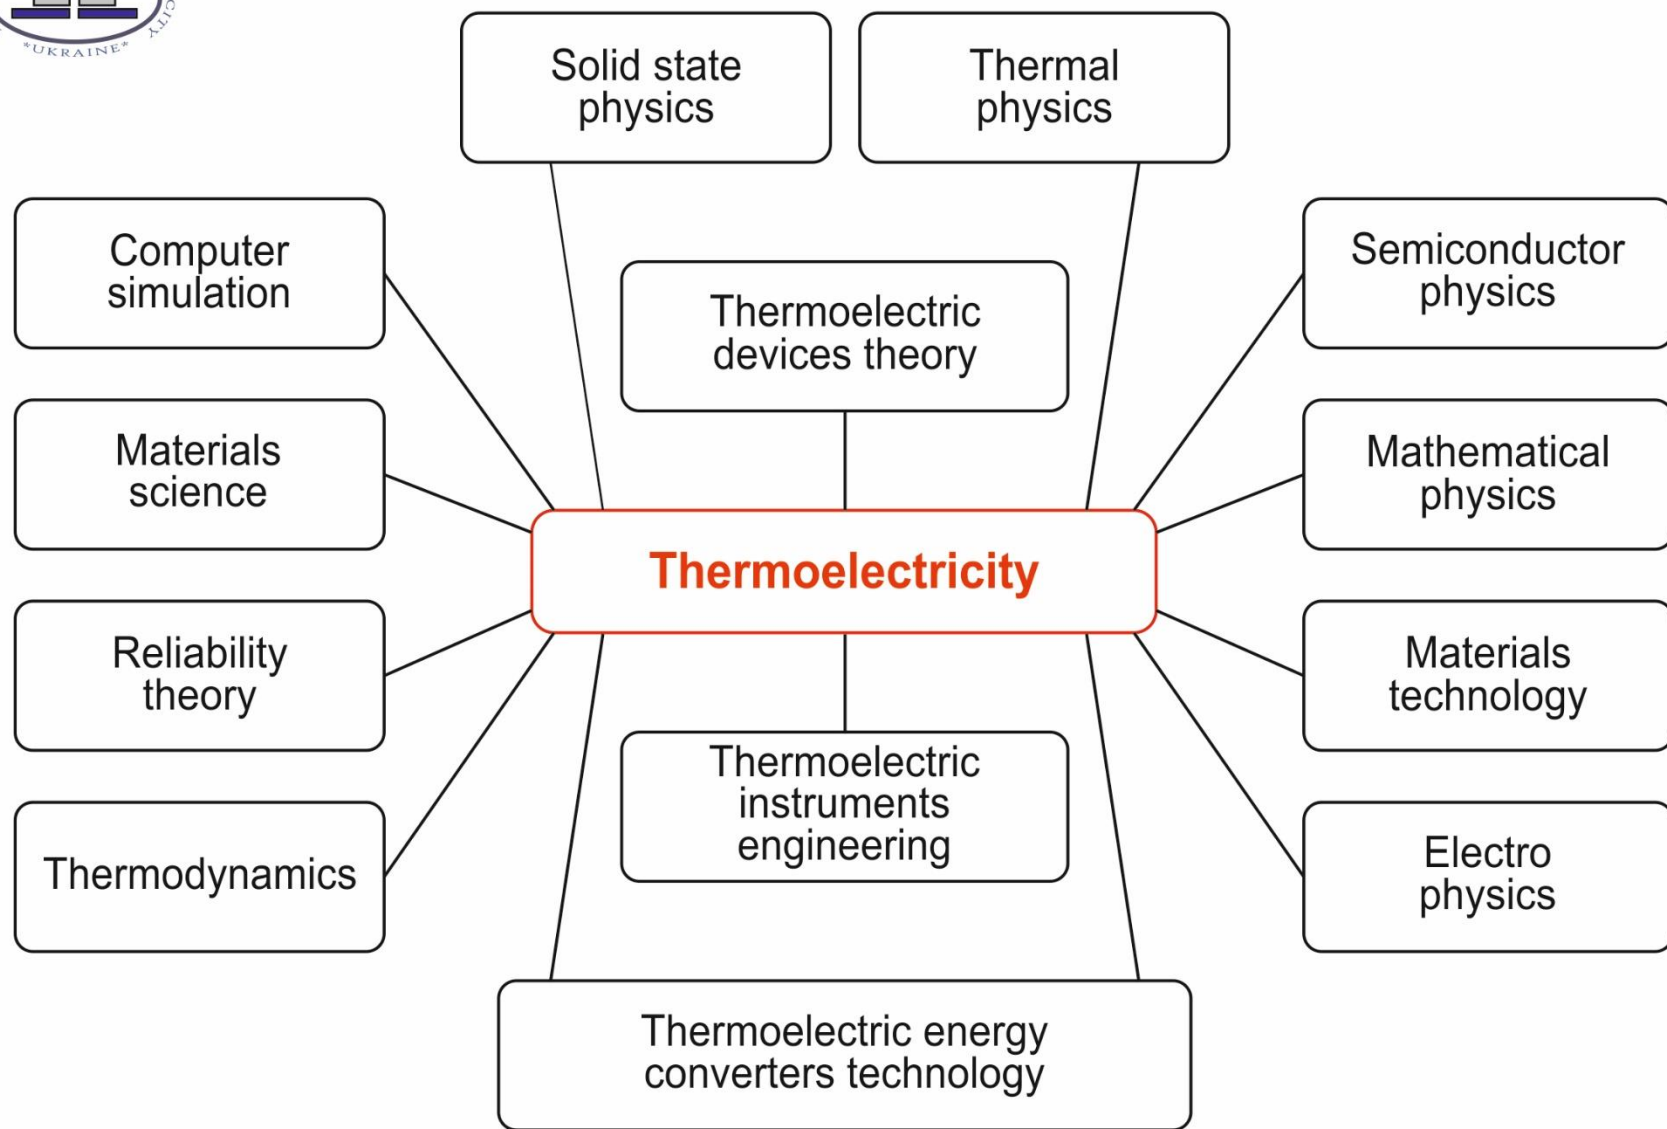

E-mail: ite@inst.cv.ua

Post-graduate school

Yuri Fedkovych
Chernivtsi National University

Institute of Thermoelectricity

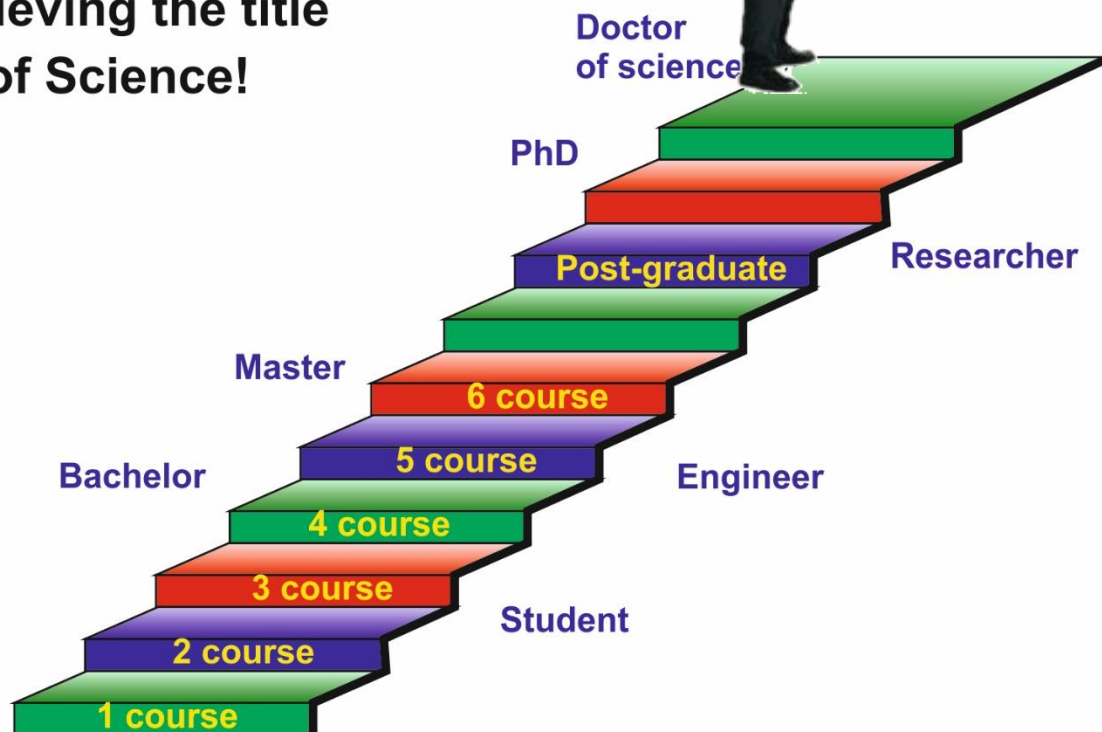

**Council
for Scientific Degrees
Conferment**

Full cycle of training specialists in thermoelectricity

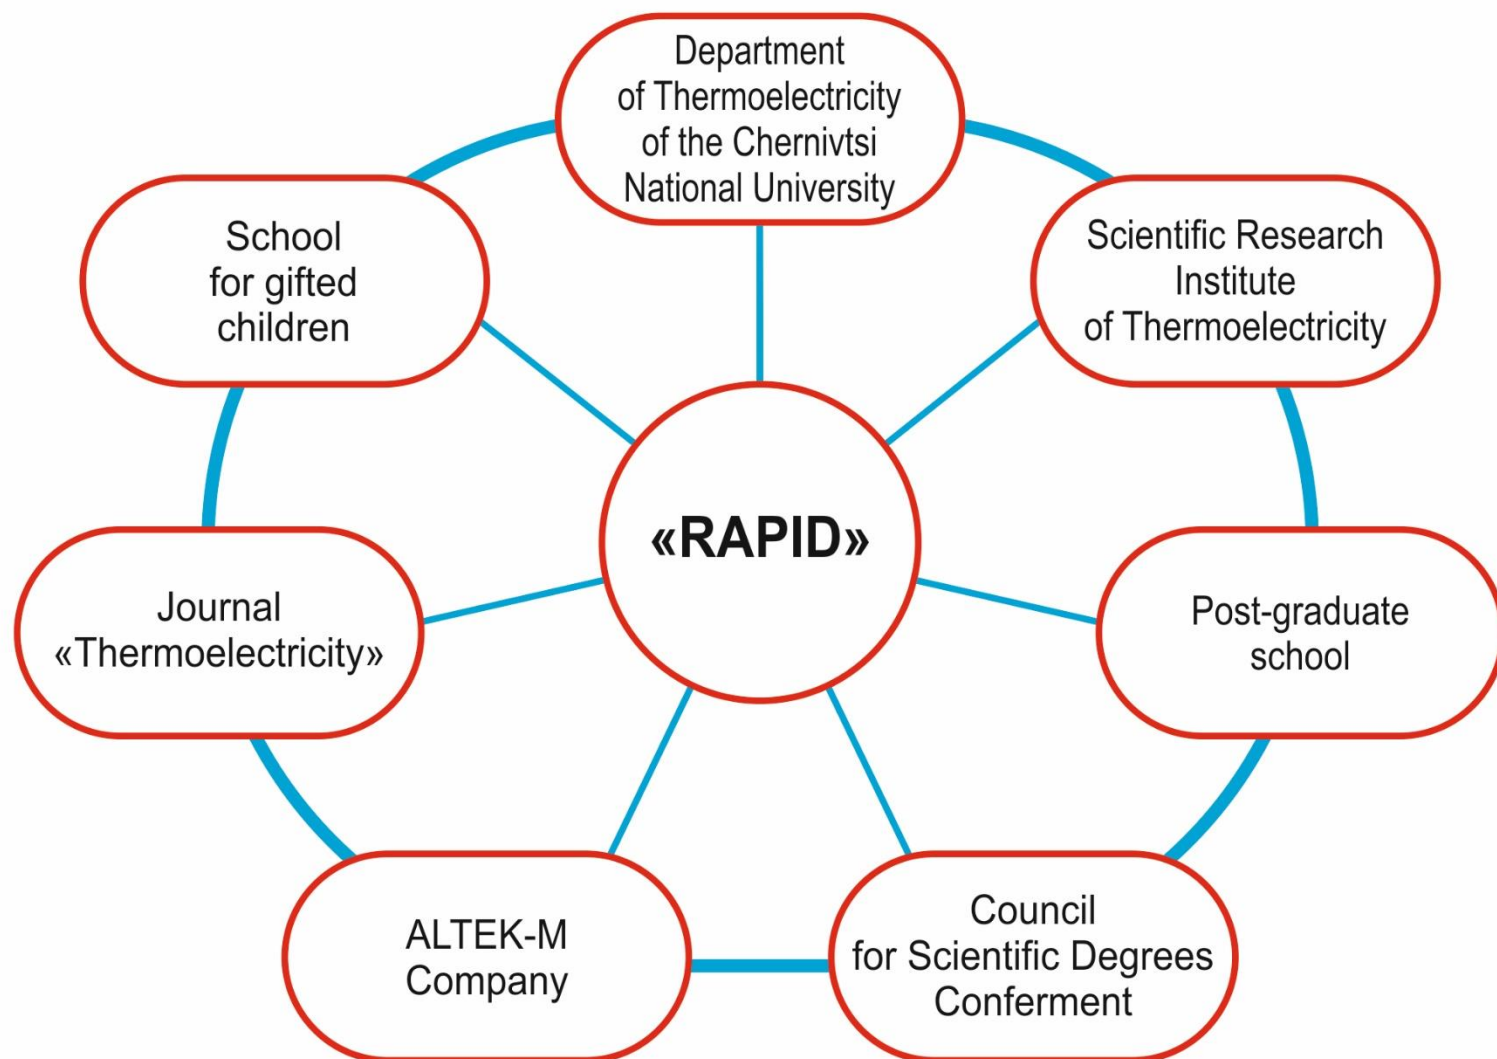

From the school age
and up to achieving the title
of Doctor of Science!

Schoolchild

Thermoelectric center «RAPID»

IX School on Thermoelectricity

July 12-14, 2017, Yaremche, Ukraine

School organizers

All-Ukrainian Public Organization
of Thermoelectricians

Institute of Thermoelectricity
of the NAS and MES of Ukraine

The working languages

Ukrainian, English

School topics

- theory of thermoelectric energy conversion;
 - thermoelectric materials science;
- techniques for manufacturing thermoelements and modules;
 - thermoelectric generators: theory, designs, application;
- thermoelectric coolers, air-conditioners: theory, designs, application;
- thermoelectric measuring instruments and devices: theory of devices, designs, application;
 - reliability of thermoelectric devices;
- other directions proposed by participants.

Contacts
